ARGUMENTS PRO AND CON ON HOSPITAL ISSUE

ARGUMENT AGAINST W. V. HOSPITAL

The Citizens Protective Committee hopes that the Voters of Campbell will consider carefully the arguments put forth on both sides of the Hospital controversy as herein set forth through the generosity of the CAMPBELL PRESS, and, regardless of their decision, that every citizen of Campbell will vote on this important issue November 18th.

There are two basic differences of opinion between the pros and the cons—the actual need for more hospital facilities and the eventual cost. The decision as to whether or not a need exists is, of course, the over-riding consideration. Cost becomes a factor only if the "need" is found to be largely imaginary.

Let us look, then at the question of NEED.

In the immediate area of the West Valley Hospital District, we have available 4 Hospitals—San Jose, O'Connors, Doctor and County—with a combined total of 727 beds. The official records of these Hospitals show that their average occupancy to date this year has been as follows: San Jose—81 percent; O'Connor—80 percent; County—72 percent; Doctors—60 percent.

This means that the daily average number of beds occupied in these hospitals has been 543 and the daily average number of beds empty in these hospitals has been 184. Admittedly, the greatest number of empty beds has been in the County Hospitol. Also, it is obvious that if a Hospital has an 80 percent average occupancy, there must have been days when occupancy was close to 100 percent in that particular Hospital. But note that the newest Hospital in our area, Doctor's, has been able to achieve only a 60 percent average occupancy, and HAS NEVER TURNED AWAY A SINGLE APPLICANT FOR ADMISSION DUE TO LACK OF ROOM.

Why, then, is it that we have all heard stories about Mr. X or Mrs. Y who had to wait days or weeks to get into a hospital? The Citizens Protective Committee has been unable to find a single case where delay in admission to the hospital was due solely to lack of available bed space.

Space may have been lacking in the particular hospital the patient's Doctor wanted to use, but the promoters of West Valley Hospital cannot produce evidence of even one documented case where all the existing facilities have been simultaneously occupied 100 percent on the same date, nor can they produce evidence of one single patient having been denied admittance by ALL the existing hospitals.

Even so, the Citizens Protective Committee will agree with the Hospital promoters that our existing facilities are somewhat strained at times, and that the continuing growth of the San Jose area will require additional Hospital beds. BUT THIS HAS ALREADY BEEN TAKEN CARE OF! The facilities now being built by San Jose, O'Connors and County Hospitals, together with the new Permanente Hospital are adding about 500 NEW BEDS TO OUR PRESENT 727.

Compare the average number of beds occupied this year, 543, with the 500 new beds already being added. OR, add the average of 184 EMPTY beds daily this year to the 500 new beds and compare this total of 684 with the average occupancy of 543. WITH THE NEW FACILITIES NOW BEING ADDED THE HOSPITALS SERVING OUR AREA WILL HAVE MORE BEDS EMPTY THAN OCCUPIED FOR SEVERAL YEARS!

In view of these authentic figures, it is difficult to see how anyone can honestly believe we need more beds. We feel that the promoters of the Hospital, in their use of an arbitrary and meaningless ratio of "beds per 1,00 people" to establish a "need", have been unfair not only to the public but also to the many well-meaning citizens whom they have thus convinced. Surely, the actual official records of our own Hospitals are a better yardstick of our use and need than anything else.

Further evidence of the complete lack of need in this area is the repeated denial of Federal and State Aid to the District. If the need existed, this aid could be obtained and would cover two thirds of the construction cost.

What about the question of COST?

If there were a bona-fide need for West Valley Hospital, the question of cost would not be a factor. In fact, the Citizens now opposing the Hospital would be working for it, regardless of cost.

Since, however, there is no need for the Hospital, the question of cost does assume importance. Why waste tax dollars? No one can truthfully state what West Valley Hospital will cost to build or what it will cost to operate. The citizens Protective Committee feels, however, that certain factors should be considered in weighing the figures furnished by the Promoters.

Everyone knows that building costs have risen since 1949. Why it is, then, that the estimated cost in 1949 was $1,107, 838 and only $800,000 today? Note the word ESTIMATED. Note also that the "estimates" have been by the architect and a "survey" company. THERE HAVE BEEN NO BIDS—NO ESTIMATE BY A BUILDER.

Will it cost less proportionately to build a small hospital than a large one like O'Connors? The "per bed" cost of O'Connors applied to West Valley would make the building cost $1,200,000—not much different than the original 1949 estimate!

Are we, then, being told the complete truth about building cost? Will we be faced with the question next year of voting more bonds to finish the job?

The other item of cost is operating deficit. Most Hospitals today are operating at a loss. The District has the right to tax up to $2.00 per $1,000 assessed valuation to make up this loss. This tax is in addition to the tax to pay off bonds. Will West Valley be self-supporting as claimed by the promoters or will it be a tax liability?

Let's look at Sequoia District in in Redwood City—a Hospital much cited by the promoters as a successful operation with nearly 100 percent occupancy. Tax rate in this District last year was $4.40 per $1,000 of which $2.40 was for bonds and $2.00 for deficit.

It does not seem logical that the tax rate quoted by the promoters for paying off bonds is the true story of tax cost in view of Sequoia's experience.

Because we do not need a Hospital—Because we have not been told the truth about cost—Vote NO on Bonds November 18th.

ONA CHUBB

EDITORIAL

THERE IS A DEFINITE NEED FOR A WEST VALLEY HOSPITAL

Next Tuesday, November 18, voters of Campbell Los Gatos, Saratoga, and Cupertino will decide the fate of the proposed West Valley Hospital. Voters will be asked to vote yes or no on an $800,000 bond proposal to cover building costs of a 50 bed hospital at a previously selected site at Vasona Junction.

Readers of today's copy of the Campbell Press may read both sides of the issue as presented by qualified spokesmen, but we would like to clarify an erroneous impression that has circulated of late in the City of Campbell.

Opponents have created the impression that the hospital would be a Los Gatos project, controlled, principally operated and with most of the benefits accruing to that city.

A look at any map will show that Campbell is closer to Vasona Junction than any other community in the district. Actual timed automobile tests have shown that Campbell emergencies would be the first to arrive for treatment at the new hospital. Other articles in other issues of the Press have stressed the growing population of the Campbell area with its resultant need for prompt, safe treatment of emergencies. Shortest route to medical treatment for Campbell area residents would be over high speed, nearly traffic-free Santa Clara-Los Gatos Road to Vasona Junction, site of proposed hospital.

Since the formation of the Hospital District several years ago, Campbell has been represented by two of the five members of the hospital board of directors, and at the present time Campbell has three local residents running for the hospital board. This will insure adequate representation and protection for Campbell area residents.

In light of these facts, the proposed West Valley Hospital is by no means a Los Gatos project.

We believe that the Crisp Report, published in this paper July 10, 1952, to be an objective and unbiased study by interested persons irrespective of their previously known approval or disapproval. We resubmit pertinent parts of the report as arguments for a yes vote on the West Valley Hospital bond issue November 18:

(1) Aside from the time factor, which determines absolute need, facilities now available or projected for the immediate future do not fulfill requirements reasonably well on the basis of the essential beds required.

(2) With good management the hospital should be self-supporting in its second and subsequent years. The increase in taxes necessary to build and operate the hospital will not be excessive.

(3) The proposed location is satisfactory.

(4) It is recommended that in the best interests of this community the West Valley Hospital should be planned and started as soon as practicable.

Facts brought to light in the report justified the planning of several years on the part of the board of the West Valley Hospital District.

The Campbell Press believes also that the best interest of this city will be safeguarded by election to the Board of Directors of the West Valley Hospital, Don Wentworth, Herbert Shadle, and James J. Braddock, candidates seeking office in the November 18 election.

OZARK MOUNTAINS IS SCENE FOR FOOTLIGHTERS' PLAY ON NOVEMBER 21 AT HIGH SCHOOL

"The Campbell's Are Coming", Campbell Footlighters first play of the current season, is reported to guarantee two and a quarter hours of laughter at the antics of a rich aunt in a summer cabin in the Ozarks in her attempts to keep her fashionable daughter from marrying a man she met in college.

A secondary Mountain romance between the daughter's younger sister and a hillbilly boy friend. Other legendary hill characters are the basis of more comedy.

The play slated for the Camp-Union High School's Auditorium November 21, is directed by Dean Chamberlin, his first since his return from army service. The presentation is currently being sponsored by four High School Student organizations., but the Footlighters are anxious to accept other sponsors, who are interested in child welfare.

The script calls for a summer cabin by a lake in the Ozark Mountains, belonging to Aunt Brannigan.

Kingston Campbell (Norm Corvello) is dominated by his matron mother, Augusta Campbell (Alma Fanning) and seeks to marry Kaye (Marge Berg) who has just returned from a fashionable college where she met Kingston.

Betty Brannigan (Betty Legg), Kay's younger sister, is a bashful girl of fifteen, who is supposedly being courted by Cyrus (Greg Parker), who can spit tobacco straighter than anyone in the Ozarks. Dick (George Nelson) Aunt Brannigan's nephew, is a hillbilly moron.

Catalpa (Ida Levenberg) the Brannigan hillbilly servant stands pigeon toed, and speaks in a shrill, nasal mountain drawl. Her father, Bildad Tapp (Bert Legg) suffers an encounter with an Ozark skunk, together with a regular mountain feud are the highpoints of the play.

BUCLETS BOW TO COMETS

Coach Morgan's Junior varsity football squad suffered an 18-0 defeat at the hands of James Lick Comet's J. V's last Friday. He praised Dave Gifford for outstanding play but said the Eastsiders had too many horses for the locals.

IRAN PROBLEM DISCUSSED FOR LOCAL ROTARY

Campbell Rotarians became acquainted with aspects of the Iranian situation interpreted by guest speaker, George Hunter, principal of Abraham Lincoln High School, San Jose.

Hunter, who recently participated in an exchange program, addressed the local organization at its regular meeting Monday at IOOF Hall.

Hunter pointed out the problem of helping Iran without slapping Britain in the face, and of the difficulty of bringing home to the Iranian people, the necessity of America's help in the four point program.

Hunter said the British were waiting for the Iranians to beg for help but that they had made some very good offers.

Iran, Hunter said, is facing starvation, and disease there is rampant. They fight a continual battle against locusts, he pointed out.

According to Hunter the point Four Program has not been well publicized and the Iranian people do not know what America is about.

They cannot understand, Hunter said, how anyone can pour money, time and materials into a country without expecting some return. One of the greatest problems faced by America in putting the program across is the widespread illiteracy of the people, and, Hunter said, being Moslems, Iranians object to American customs and behaviour, especially drinking, which works against the program.

Kiwanis Hear Talk On Sugar

Frank Weaver, representing the Sugar Beet Industry gave an entertaining and educational talk to Campbell Kiwanis Club Tuesday at IOOF Hall, stressing the importance of the industry on California's economy.

Weaver outlined the start of the industry and showed its development from 1870 to the present time and its contribution to the state's prosperity.

Milt Nelson presided over the meeting in the absence of Laurence J. Hill. Clarence Nelson was program chairman.

Next week's meeting will feature a musical program presented by Campbell Union High School Choir.

BPWC Clarifies Position On Candidate Support

Campbell Business and Professional Women's Club offers the following quotation from the Handbook of the National Federation of Business and Professional Women's Clubs to clarify a recent mis-statement regarding the support of women for public office.

"That on the basis of Women's eminent fitness, the Federation and its affiliated clubs may endorse and work for the election and appointment of qualified women for local, state, national and international offices, boards, and commissions."

The local club attempts to abide by this policy so that the public may recognize any candidate receiving its support to be truly qualified for the position she is seeking.

The group is interested in encouraging all women to take more interest and active participation in their community, state and national government. One of the Federation's purposes is "to offer business and professional women an opportunity to help create better conditions for men and women by the study of social, economic and political problems."

ARGUMENT FOR W. V. HOSPITAL

On November 18th, voters in the Los Gatos, Campbell and Saratoga districts will be asked to approve an $800,000 bond issue for construction of a modern 50 bed hospital. At the same time they will elect three candidates to the Board of Directors of the West Valley Hospital District.. Our voluntary Citizen's Committee was organized to encourage a favorable vote for the hospital and to also work for the election of Wentworth, Shadle and Braddock, the Three Top men on the ballot.

The campaign of confusion aimed at tax-payers by our opponents could be called a comedy of errors were it not for the fact that critics of the project take upon themselves to expose people to the tragic results of an unnecessary patient-bed shortage. They twist facts and distort figures—as I shall presently prove—to make them reflect their blind and prejudiced opposition.

Claims that bed facilities are adequate are refuted by the fact that virtually every week sees the cancellation of operating schedules in San Jose. For instance, within the past two weeks, surgery schedules were cancelled on two successive days at O'Connor"s Hospal for lack of beds. Arrangements for operations were nullified because there were no bed facilities after surgery. It is hard enough for people to face surgery without the handicaps of harrowing delays. One has to be cashhard to the core to hear of such cases without a sense of pity. And the fact is that Hospital opposition, when stripped to its naked truth stands revealed as opposition to the penny per day tax cost of a bond issue.

Out of the fog of conflict and contention that surrounds the proposed West Valley Hospital project several solid facts shine forth with the strong, clear beam of airway beacons on the darkest night of stormy controversy.

Five of these points of fact are: — Need — Population—Other District Hospitals — Endorsements — What will it cost?

NEED—After careful study our Committee is convinced that there is an acute shortage of hospital beds in all of Santa Clara County, and that such shortage will be relieved but very little by hospital construction now under way. If you have any doubts about this, I suggest you consult your personal physician. The absolute minimum estimate is 119 beds now. 300 by the time the hospital could be built.

POPULATION—Reliable sources indicate that the population within the hospital district increased in excess of 120 percent from 1940 to 1950. This has resulted in the building of thousands of new homes, many new schools, stores, etc.; but not any hospitals. Population today is closer to 80,000 than to 60,000.

OTHER DISTRICT HOSPITALS —There are 19 district hospitals now in operation in California with 11 more under construction and 9 in the planning stage. Date from these other districts is convincing that an excellent hospital can be built for our estimated cost of $14,000 per bed and can be operated with charges to patients equal to or less than prevailing rates in the same area. The total cost as covered by the proposed bond issue could be $800,000.

ENDORSEMENTS — This proposed hospital has had the endorsement of physicians practicing within the district. It has also been endorsed by many service clubs, chambers of commerce and other organizations including the Santa Clara Medical Association.

WHAT WILL IT COST?—Hospital Board members have carefully estimated the tax rate that will be necessary to retire these bonds if they are issued and retired in 15 years. We sincerely believe that it will only be necessary to levy an average rate of not to exceed 9c per hundred of valuation although it will of necessity be more in the first years but less in the latter years as the principal would be paid off. The first few years may see an impost of the full 20c rate. A 9c rate will cost the average home owner about 2.70 dollars a year added to his or her taxes over the life of the bond issue.

According to figures presented by critics of the hospital plan, there is no bed shortage in the County or in this Hospital District. To prove that, they cite the following figues and try to show that what with present and planned hospital bed facilities in Santa Clara County there are 1476 hospital beds in the County:

San Jose Community Hospital	215
O'Connor's Hospital	287
County Hospital	565
Doctor's Hospital	55
Palo Alto Hospital	180
Wheeler Gilroy Hospital	25
Permanente Hospital	100
Allen & Stilwell	49

These figures were presented by one of the opposition candidates to the Hospital Board, at a meeting in Campbell on October 21st. two days later, I sent to the Bureau of Hospitals of the State Health Department, for hospital facts.

Santa Clara County Hospital is credited by our opponents with 565 beds, present and planned. Unfortunately, 300 of those beds are made out of the stuff that dreams are made of. The State Hospital Dept. credits County Hospital with 265 beds for acute general hospital care only—present and planned—plus the comment that if a new structure is built some new beds may replace some of the beds that are now considered unsatisfactory. But the total will not increase.

With respect to the Permanente Hospital our opponents claim 100 beds. That is new to everybody—including the State Hospital Bureau. It states that, "We understand the planning will be on the basis of about 50 beds".

And now we come to the real dream boat of a hospital loaded with 49 phantom beds. Our opponents call it the Allen-Stilwell hospital. This dream boat will dock at Cupertino at some unknown future date. That would be wonderful news—if it were true—but it is not.

The State Hospital Bureau which should know if there were an Allen Stilwell hospital, knows nothing about it. Records at the County Building Inspectors office shows that two women doctors have filed plans as follows:

Construction of one 6-room residence and one six-room office building. I understand that one of these doctors is a psychiatrist and that the other is a medical doctor. No reference anywhere to a single solitary hospital bed—not to say 49 hospital beds. Each and every one of them are phantom beds.

Adding the County, Permanente and Allen-Stilwell totals we have 399 short of the 1476 presented by our opponents.

Officially endorsed candidates for Board of Directors of the West Valley Hospital District are Don B. Wentworth of Saratoga, Herbert Shadle of Campbell and James Braddock of Cambrian Park. Six candidates have filed for the Nov. 18th election, but Shadle, Wentworth and Braddock are in our considered opinion the best qualified.

It is inconceivable that an individual would attempt to become elected to a position on this district hospital board with the firm intent of destroying the entire program. And yet, that is the declared opinion of at least two of the candidates running in opposition to Shadle, Wentworth and Braddock, the top three on the ballot. On Oct. 23 of this year one of these people, not endorsed by our group, published a newspaper article stating many unfounded

215 Awards Made For Fall Flora

More than 200 awards were made for the exquisite entries in the Campbell Garden Club's garden show held November 8th and 9th at the Campbell High School.

In addition to honorable mention awards, ribbons were given for about 150 specimens, 45 arrangements and 20 miscellaneous entries, including miniature and junior exhibits.

Chrysanthemumus reigned at the show, although "everlasting" flowers and other Fall flora made notable appearances. Many entries came from San Jose and other garden clubs, Las Jardineras, the Iris Society and the Santa Clara County Flower Lovers, contributed arrangements.

Judges for the event were from the Bay Area. They were entertained at a luncheon at Hotel Lyndon by the Campbell Garden Club. Chairman for the show was Mrs. L. W. Brown, whose co-chairman was Mrs. Julius Langlo.

WANTED 1,000,000 PERSONS!

● There are at least one million persons in the United States who have diabetes and do not know it. Most of these cases can be found by a very simple method.

The Santa Clara County Medical Society, with the cooperation of four local hospitals, will make tests for diabetes available to everyone during the week of November 17 to 21, at absolutely no cost or obligation.

WHY IS DIABETES SERIOUS?

● Diabetes is a condition in which the body cannot make full use of some of the food one eats, such as sugars and starches (carbohydrates). Instead of being stored or turned into energy, these food elements, in the form of sugar, increase in the blood until there is more than it can hold. Then the sugar is passed in the urine. Too much sugar in the blood and urine is a sign of diabetes. When diabetes exists, a person's bodily organs such as the heart, blood vessels, liver, kidneys, and eyes do not get the good nourishment they need and therefore do not function properly. The important thing is to be sure you *do not have it.* Control is relatively simple—and a third of all known cases can be treated through diet alone. Some people have diabetes for a long time without ever realizing it. That is why it is wise for everyone to be tested periodically.

TESTING IS SIMPLE

● It is very easy to take a simple test to determine if you are free from diabetes. First, eat a simple high-carbohydrate meal. Next, obtain a specimen of your urine 2 hours after the meal. Then take the specimen to one of the four participating hospitals during National Diabetes Week, November 17 to 21.

WHO CAN BE TESTED?

● This test is offered free, next week, to everyone in Santa Clara County. There are no costs, service charges or obligations of any kind. Simply phone or write for your "Diabetes Test Coupon" entitling you to the free test. Along with the coupon you will receive more information about taking the test, plus a valuable health booklet entitled, "Diabetes Can Be Controlled."

FACTS YOU SHOULD KNOW:—

1. Surgical operation schedules are frequently cancelled for lack of hospital facilities in Santa Clara County!

2. Thousands of new families are moving to Santa Clara County each month. They will place an even greater load on the already over-loaded hospital facilities!

3. Based on a 10-year bond, cost to the average property owner in the district will be less than a penny a day! (This fact has been checked with the County Assessor's office.)

READ THIS IMPORTANT STATEMENT

After thorough evaluation of the plans for the proposed West Valley Hospital at Vasona Junction, we, members of the medical profession who practice within the boundaries of that district—give the project our whole-hearted endorsement and for the following reasons:

FIRST—The establishment of a 50-bed general hospital for medical as well as surgical patients, plus pediatric, obstetric, X-ray and laboratory facilities, will go far toward removing the increasingly acute shortage of hospital beds that confront residents of the West Valley Hospital District.

SECOND--Time--always a vital factor in medicine--is saved residents of the district by placing the proposed hospital on the site acquired for that purpose since it is close to the population center of the district.

THIRD---Experience reveals that competently managed 50-bed hospitals of the type proposed for this district can function on a break-even basis without recourse to additional taxes, once a hospital has been established.

FOURTH--The Home, the Church, the School and the Hospital are the fundamental essentials of a progressive community. There is no up-to-date general hospital within the boundaries of our swiftly-growing West Valley District.

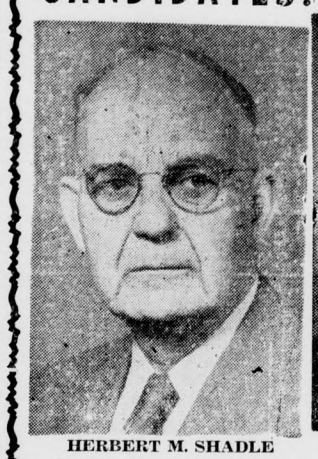
TUESDAY, NOVEMBER 18th

Los Gatos — Saratoga — Redwood Estates—Campbell—Cambrian areas

VOTE for the "TOP THREE" CANDIDATES:

HERBERT M. SHADLE +
DON B. WENTWORTH +
JAMES W. BRADDOCK +



HERBERT M. SHADLE

Re-elect Herbert M. Shadle of Campbell. He now serves as President of the Board of Directors of the West Valley Hospital District. Over the years since the District was established, Herb Shadle has built up an impressive background of vital information with respect to economic and efficient planning and construction of 50-bed hospitals.

His long experience in the field of pharmacy in this area, together with his extensive contacts with members ofthe medical profession, gives Herb Shadle extensive knowledge of the health needs of the residents of the district. Mr. Shadle isa graduate of the University of California College of Pharmacy and a veteran in Kiwanis and Boy Scout work. He is Secretary of the Orchard City Grange and Overseer of the Santa Clara County Pomona Grange.

Herb Shadle was born in Oakland. He came to Santa Clara County in his youth, and in 1915 married Katherine Husted of Saratoga.

As President and member of the West Valley Hospital District Board, Herb Shadle has worked hard, intelligently and will in the public interest. On his record and ability he deserves re-election.

DON B. WENTWORTH

Re-elect Don B. Wentworth of Saratoga. Being a leader in Northern California Life Insurance circles, Don Wentworth has first-hand knowledge of the life-saving, health-preserving team-work that exists between the medical profession and hte Hospital. Since his election to the Hospital Board, Don Wentworth has given readily and freely of his highly specialized knowledge in this field. Few know more about the costs of Death, Disaster and Disease than Life Insurance officials.

Don Wentworth was reared in a family of physicians and in a realm of hospitals. His father, the noted Dr. W. H. Wentworth, built and operated the Wentworth Hospital in Sacramento, the city in which he was born. Don's brother, William, practiced medicine in Napa. His daughter, Ellen Louise, is a Student Nurse. Always interested in civic affairs, Mr. Wentwroth is a member of the American Legion, Optimist Club, Coast Guard Reserve, and a former Rotarian. His active hospital experience dates back to his membership of the important Finance Committee of the Napa Victory Hospital. Again, on his record, Don Wentworth is needed to complete the hospital job he helped to start.

JAMES W. BRADDOCK

Elect James W. Braddock. Jim Braddock's ability as a civic leader has been demonstrated in Cambrian Park where he serves as President of the progressive and result-getting Improvement Association.

His ability as a clean thinking business executive is demonstrated by the fact that he, at the age of 35, is highly placed on the Industrial Relations stall of the Santa Clara plant of the Owens-Corning Fiberglas Corporation.

Mr. Braddock brings with him the experience of a man schooled in a progressive atmosphere of modern American business. His ideas are in accord with its new attitude toward the demands of basic human relations.

After Navy World WarII service, Jim Braddock returned to Oregon, his native state, where he studied law and political science at the University of Oregon. As an industrial executive and civic leader who understands the problems of young people with young children—because those very problems are his own—James Braddock would bring to the Hospital Board a vital capacity of individual, industrial and institutional analysis. You need Jim Braddock on the Hospital Board.

WEST VALLEY HOSPITAL
Facts & Fairy Tales

FAIRY TALE NO. 1
"We Are Desperately In Need of West Valley Hospital"

THE FACTS:

Federal Government has refused aid to District because no more beds are needed in this area.

Hospitals serving this area have 727 beds now . . . are adding 500 more.

Average number of beds occupied this year has been 543 . . . less than half the total beds soon to be available.

FAIRY TALE NO. 2
"West Valley Hospital will Cost the Average Taxpayer Only $36.00."

THE FACTS:

Principal and interest on the first $800,000 worth of bonds alone will require a tax rate of 15 cents per $100, costing the average taxpayer $6 per year for 15 years.

Maintenance and operating loss at Sequoia in Redwood City is costing 20 cents per $100 per year. We must assume West Valley would cost at least as much . . . another $8 per year for the average taxpayer . . . not just for 15 years . . . but from now on!

FAIRY TALE NO. 3
"West Valley Will Save District Residents Money on Hospital Bills"

THE FACTS:

West Valley Hospital care will actually cost you **more** money than private hospitals.

District Hospitals now operating elsewhere in California charge about the same rate as private Hospitals in their area. Add to this rate, your annual tax charge of $15, whether you use the Hospital or not, and you have the most expensive care possible.

FAIRY TALE NO. 4
"The Vasona Location is Convenient For District Residents."

THE FACTS:

A poorer location for the Hospital would be hard to find, since it is difficult to reach from every part of the District except Los Gatos and South Campbell.

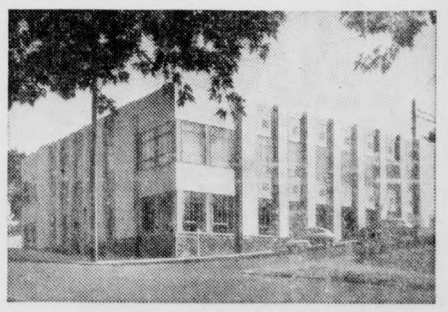
Meeting the growing demands for service in timber-rich Roseburg has meant more than tripling the city's telephone system since 1941

Roseburg, Oregon: Thriving Timber Town

You may find this is the telephone story of your town, too

Roseburg, key city of the nation's largest timber county—grew fast during the war and postwar years. Like many Western communities, its population almost doubled—from 4,900 in 1940 to nearly 8,500 today. Its annual income soared, too—retail sales in the county increased six-fold in a single decade. In these figures lies the reason for our amazing telephone expansion in Roseburg. We had to grow fast to meet the needs of more people in town—and more of those people wanting telephone service.



Major telephone construction in Roseburg began shortly after the war. We built a new central office building. And in February, 1951, a completely new dial telephone system was placed in service for Roseburg telephone subscribers. Altogether, we spent more than $3,000,000 expanding Roseburg's telephone system. Even so, because Roseburg is continuing to boom beyond all expectations, we cannot provide all telephones needed the moment requests for service come in. But, in the face of materials shortages, we'll keep doing our best to take care of present orders . . . as well as those which we know still lie ahead.

Your telephone is one of today's best bargains

Roseburg's telephone story has been told in hundreds of communities up and down the West. Fast as the population has grown, the telephone has grown at an even faster rate...twice as fast, in fact, in the territory we serve. For at today's prices, the telephone is so economical more people can afford it...so useful, more people want it.

REV. AND MRS. EDWIN BOWLING FETED AT GOLDEN ANNIVERSARY

One of the largest social gatherings in recent months was held in Campbell Sunday afternoon, November 2, at the Firstt Methodist Church when the Rev. and Mrs. Edwin Bowling, of 133 E. Casey Road, celebrated their Golden Wedding anniversary.

More than 150 friends, relatives, and well-wishers converged to offer congratulations to the popular former pastor and his wife.

Among relatives present were: a daughter, Mrs. T. B. Laughlin and two children from Ashland, Oregon; a son, Cranston A. Bowling and wife of Los Angeles; a daughter, Mrs. John Ainsworth with husband and family of Campbell.

Another daughter, Mrs. Phillip J. Farley and family of Alexandria, Virginia, were unable to attend.

A sister of Mrs. Bowling, Mrs. Anna E. Clark of Fergus Falls, Minnesota, who was bride's maid at the wedding 50 years ago, attended the gathering. A sister of Rev Bowling, Mrs. Hattie Payne, of Corcoran, Calif., who also witnesed the marriage ceremony was present for the anniversary celebration.

Other relatives in attendance were Mr. and Mrs. Don Clark and family of Fresno. There were friends from San Francisco, Long Beach, Upper Lake, Greenfield, Soledad, Salinas, Prunedale, Watsonville, and Santa Cruz.

The happy couple received many beautiful gifts as expressions of love and esteem.

Don Clark of Fresno, rendered several saxaphone selections, accompanied by Mrs. Pauline Garnes of Bellflower, California, and Mrs. Virginia Rutherford of Campbell.

Following the Campbell celebration the couple received congratulation at the Salinas Club Ladie's Night.

More About . . . WV Hospital

and brazenry misleading claims concerning the hospital situation in Santa Clara County. One was the hospital bed situation already referred to.

Support of these candidates opposed to the sound, proven district hospital plan, would be like voting for a member of your local school district board whose announced objective would be to see to it that no more schools or school improvements would be approved should the candidate be put on the board.

Fortunately our three candidates are well informed as to the actual need of a West Valley Hospital and are otherwise excellently qualified to administer the activities of the new hospital when it is contructed. These men are not out to destroy a good community project. They have an unselfish and thoroughly genuine interest in doing what is best for the area in which they live.
